## ● ABOUT ME

---

My name is Alma Sadrija, and I am a Computer and Software Engineering student at the University of Prishtina with a strong passion for software development and technology. I have experience in programming languages such as Java, C++, HTML, and CSS and other languages.

With strong problem-solving skills, attention to detail, and the ability to learn quickly, I am ready to assist in creating efficient code, writing technical documentation, and resolving technical challenges.

I specialize in creating clean, efficient, and scalable code, and I am dedicated to enhancing my skills as a backend and frontend developer. I am eager to contribute to innovative projects and gain valuable professional experience.

I am particularly passionate about backend development but am also open to frontend roles, as I value expanding my skill set and contributing to impactful projects.
